- Goalline Website error (Shut-out bonus pt.) -

Some problems because of relying on the website to work, as well as all coaches to have it updated on time. The bonus shut out was not supposed to happen, I sent out the proper standings today. Any game entered before December will still have errors,

coaches have to go back in and save those games again to fix the problem. The most current standings were sent out today.

- Make-up games -

Still one to do, get them in to me as soon as possible so we can get them in.

- Snow Day procedures -

No games or practices on snow days. Make sure coaches know.

- Hosting Tournaments -

Anything over a school holiday please make sure you have a teacher rep at all games. It is important to have someone to be on site that has access school rules. If you are attending or running a tournament this is important.

- For next season, any game where a team does not have 10 skaters they would have to forfeit that game. Following regulation 25.11 in the NSSAF handbook. This will apply to every game.
