Motion: Rule 10 from SSNS will be followed for all Metro Sports in relation to carry over for suspensions, specifically in relation to Lacrosse, Field Hockey, Ringette and Ultimate which are non SSNS sports. This motion passed, and we will follow the SSNS rule for all sports.

10.2.1 Any suspensions that exceed the remaining length of the season will carry over to the following SSNS school year. A student athlete in the final year of eligibility that has remaining carry over suspension shall serve suspension in any other Interscholastic sport the student athlete participates in.

7. REGIONAL DIRECTOR'S REPORT: Donna Duggan gave a verbal report: Thank you to everyone for all you have done during another very busy school year. Thanks to all who hosted the spring sports, your work is very much appreciated. Sites and dates were sent out by SSNS, Donna covered some of the sports we will host next year, she asked that you are sure to check those out on the SSNS document and website. Donna went over some fees that are still owing. SSNS is working on using GreyJay for all team sports in the upcoming season. Donna will confirm shortly if all fees are covered, she does think it will be covered for all team SSNS sports. Thank you again to everyone for all that you do.

Slo - Pitch Boys and Girls - MILL: Angela Dale

All went well, one field was nice, and we hope to carry on with this venue. Cole Harbour still owes for this tournament.

Track and Field - HW/ CIT: Donna Duggan and Jason Murphy

All went well. This year was the highest number of athletes we have ever had. It will be at Beazley again next year. Thank you to the many volunteers that work this event to make it so successful year after year.

Girls Hockey - BV Scott Pellerine

New team next year/ice times: Next year we will have a new addition to the league, Avon View in Windsor. With this team we should now have 12 teams so the schedule for the season will be a home and home round robin, among all 12 teams. I would ask that for your ice times if you could get 1.5 hours for your home game, that would be preferred. Whatever ice times your team has, please have it set for early September so the schedule can be made. I will send out an email early September looking for ice times for each team.

Johnny brought up the possibility of 3:30pm ice time start for games. It was pointed out that soccer and rugby have done this, so next season if your team can get 3:30 ice times to start a game, it will be up to the individual schools to start at this time or not. Scott will check to see if officials are able to start at that time. If schools and officials are fine with that the start time for games may be 3:30 at some arenas.
